

Inspiring Students and Building Student Connection

Wayne Geerling and G. Dirk Mateer

Pre-course welcome announcement or video

Greetings!

to me ▾

Dear Professor Geerling,

Hope all is well!

I would like to take some time to introduce myself. My name is [redacted], I am a freshman studying economics, and I am very excited to be in your class! AP Macroeconomics was a very logical and thought out subject to me, so much so that it confirmed my path as a future economist. With that, I am intrigued to learn about the flip side of the coin through microeconomics.

Just a little about myself:

- I'm from Dallas, TX

- Aussie rules football is superior to the American counterpart

- I shoot photography and make videos in my spare time

Can't wait to see your class soon!

Kind regards,

[redacted]
